CRISTINA | KING

STRONG AND PROUD

Creative collaboration between CRISTINA and Milan-based firm MC2 Architetti Associati gave life to the striking King and Queen collections. Perfect for a 'his & hers' bathroom, or bold enough to stand on their own, the sleek lines of the King and Queen exemplify elegance and reflect the designers' desire to create a product that is both elementary and instinctive.

Square and masculine, King stands strong and proud, gladly becoming the focal point within any contemporary bathroom space. Refined detail and slightly bevelled edges accentuate the beauty of this collection, which is meticulously finished in pristine polished chrome.
