ABOUT CRISTINA

Established in 1949 in Italy by Alberto and Francesca Cristina, CRISTINA has evolved over 66 years to become a global industry leader in the European tapware market. Each CRISTINA product is meticulously crafted at their world-class manufacturing facilities in Northern Italy, with the utmost care and consideration invested into every component guaranteeing the superior craftsmanship of their exquisite pieces.

CRISTINA

CRISTINA | QUEEN

A MODERN AND MAJESTIC

Creative collaboration between CRISTINA and Milan-based firm MC2 Architetti Associati gave life to the striking King and Queen collections. Perfect for a 'his & hers' bathroom, or bold enough to stand on their own, the King and Queen exemplify elegance and reflect the designers' desire to create a product that is both elementary and instinctive.

The soft, elegant lines of these exquisite pieces don't dampen the spirit and intensity of the Queen. With rounded edges and feminine curves, Queen is the perfect complement to King tapware, otherwise this lady is quite capable of standing on her own – modern and majestic. The finesse and beauty of this regal collection emanates from the magnificent polished chrome finish.
