

PRODUCT DELETIONS

A number of products are being made obsolete for both Australian and New Zealand products. The tables below detail all product deletions with recommended replacements. The products will be deleted from our range in three months and will not appear in the March 2017 Price Book.

PRODUCT UPDATES

We have listened to your feedback and have now corrected the finish issue across our Titan Accessories. The brushed finish featured on the titan tapware now extends across the accessories to create the ideal stainless steel tapware collection. From the 01 November, there will be new codes for the accessories and all new orders should be placed using the below codes.

If you have any questions or concerns please contact your local GWA representative.

TITAN ACCESSORY CODES NEW		TITAN ACCESSORY CODES OLD	
CODE	DESCRIPTION	CODE	DESCRIPTION
