

PRODUCT DELETIONS

To allow for successful introduction of the new Urbane II & Liano II ranges, most of the existing Urbane and Liano ranges are being deleted and replaced by the new ranges. The current Urbane and Liano ranges are being run down and are available while stocks last. Once all stock of the current ranges are sold through, they will officially be deleted.

To assist in this changeover, the tables below detail all product deletions with recommended replacements.
